Silent Auction
Sneak Peek

How a Silent Auction Works:

1. Prepare

Before you even get to the auction, familiarize yourself with our silent auction items by looking through this catalog. Get a sense of what items you may want to bid on and keep in mind your personal budget. When the doors open on March 1st at 6pm, our silent auction begins.

2. Bid

Each item will have a bid sheet with details like the item name, description, and starting bid. To bid, you write your name on the bid sheet along with your amount you'd like to bid for the item. You can outbid others by writing a higher amount. You can bid multiple times, increasing their offer by at least the minimum bid amount (indicated on the bid sheet).

3. Winning

Our silent auction will close at 8:30pm. No further bids will be accepted at this time. The highest bid on each sheet is the winner. If you want an item and are willing to pay top dollar, you can pay the "Buy Outright" Cost and guarantee your win. The "Buy Outright" Cost will be indicated on each bid sheet.

4. Check Out

At 8:40pm, we will begin the check out process for our Silent Auction. All auction winners will be able to pay and collect their items the same night of the event. You will be able to pay via credit card, check, cash, Venmo, or CashApp.
